※ 1 [URL] <https://gportal.jaxa.jp/gpr/>

※ 2 [URL] https://www.eorc.jaxa.jp/cgi-bin/jasmes/sgli_nrt/index.cgi There may be differences from G-Portal products because of research use.

※ 3 Distribution may be delayed due to operation. Downloading time varies depending on your internet line speed and the number and size of product. JASMES Products take more time than G-Portal NRT-Products due to projection processing.

※ 4 1 standard product may be divided in several seperated NRT files in order to prioritize real-time performance.

※ 5 NRT service user can also download standard products.

※ 6 Level 1 products from Jan 2018 to June 2019 are on-demand server. You must submit the order via G-Portal GUI to download these data. Transfer these L1 data to the on-site FTP server is under planning.

※ 7 Level 2 OKID products are deleted from on-site FTP server 31days after distrivbution. After that you must submit the order via G-Portal GUI to download OKID data.
